

## Community Relations Committee guidelines

Sept. 1, 2021

Member: Russ Horn

The function of the Community Relations Committee is to keep the Board and the Association aware of any local changes, problems and/or requirements of Paradise Township and/or Monroe County.

The Committee also encourages those members whose principal residence is in Paradise Township, Monroe County, to become local voters, and to become involved in local issues that benefit PFLA and the Community.

This has been traditionally a one-person committee that attends regular Paradise Township Board of Supervisors Meetings. The person is free to attend any other county or local meetings that may impact PFLA. A monthly report on any activity impacting or potentially impacting PFLA is reported at the Board of Directors meetings.
