***The Paradise Gardeners*** have been very busy this spring, weeding and maintaining the flower beds that surround the Center. Working up to the start of the season, all beds were weeded and mulched and are looking their best for the enjoyment of all who frequent our grounds.

If you have some time over the summer, please consider signing up for a two week stint at weeding, watering, deadheading where necessary and maintaining one or more of the areas. There is little time involved!

If you would like to learn more about the Paradise Gardeners' other activities, or if you can help maintain our common gardens, contact [Cass Kwan](#) who will explain the sign-up process and answer any questions.
